If Free Enterprise is being threatened at the Economic Royalists have charged as little people benefited under an economy for the common man, Homer P. Rainey, candidate for governor, states it well, only not from the viewpoint of the rich and powerful monopolies. Says Rainey:

"I am for Free Enterprise, and I want it to be free.

"My platform calls for genuine Free Enterprise, for the little business man and the veteran entering business, as well as every other American.

"To me, Free Enterprise represents, among other things:

"(1) A Texas, independent and free, where citizens are not vassals of either the corporations or the State.

"(2). A Texas where a boy can hitch his wagon to a star — where a poor widow's son can move up in business or politics if he is willing to work hard.

"(3). A state where the competitive profit system thrives, and where there is opportunity for the little fellow as well as the big one.

"(4). A State with independent merchants and independent business men.

"These are the things which have made America great.

OUR TOWN—from page one

"The foundation stone of the American system of Free Enterprise in any community is the little merchant, the little business man and the little farmer.

"He has been the stalwart, steadying influence around which communities have been built.

"The little merchant represents the thing for which our American system is supposed to stand — the opportunities of the average young fellow to lift himself up to be the head of a business or rise to responsible positions in government.

"That boy of yours has the free born American right to expect and demand a continuation of that American system of real Free Enterprise.

"But the present trend is exactly the other way.

"The little man is being crushed by great monopolies in practically every line of business.

"Monopoly is building an 'iron curtain' across the path of opportunity in Texas.

"It is thwarting the chance of the individual to go into business without paying tribute or being subjected to restrictions imposed upon him by the monopolies in every line.

"What is happening to the little corner drug store and the little corner grocery store?

"What business can the returned veteran get into that promises success?

"What future is there ahead for your son or daughter except as an employee of some great corporation?

"What man can get into the treatre business or filling station business without accepting the terms and conditions laid down by the monopolists?

"The strange thing about this 'iron curtain' that's being raised against opportunity is that it is being done in the name of 'Free Enterprise!'

"Those who have used the phrase most have distorted it to the point where it means the right to concentrate power and privilege in the hands of a few."

LIONS CLUB CARNIVAL DATES SEPTEMBER 6-7

The best local news of the day was the announcement by Woodrow Lowe, general chairman, that the Lions Club Annual Carnival will be held on Friday and Saturday, September 6 and 7.

The carnival will feature a pet parade by the children of Cameron. A prize of $5.00 has been set up for the best entry in this parade.

During the war the carnival was interrupted but is now to be resumed. A full staff of committees has been named. W. F. Arthur is chairman of the parade committee. Details of the parade route and instructions to those who will enter pets will be issued. The carnival will be held in central city park.

Mr. Lowe pointed out the number of fine civic things the Lions Club has done in Cameron and the funds from this carnival will be used for similar purposes. From time to time news accouncements will be made about the carnival.

ALLRED URGES ELECTION OF HOMER P. RAINEY

AUSTIN.—Former Governor James V. Allred said tonight the runoff race between Homer P. Rainey and Beauford H. Jester is a battle of the "little uns" versus the "big uns."

In a speech prepared for radio delivery over the Texas Quality Network at 9 p. m., Allred said:

"The big uns have got the money. But us little uns have got the votes. It's up to us to use those votes."

Allred opened his speech contrasting the backgrounds of the opposing candidates, one "a fortunate son of inherited wealth," the other "the plow-boy son of a Red River tenant farmer."

"Neither of these candidates can be criticized for his origin, or the financial status of his parents," Allred said.

"But the one, educated by the money of his father, the other working to secure the same educational advantages."

Allred added that the contrast does not end with the candidates.

"There is another and more significant thing in this campaign," he said. "Every big oil and gas corporation, every big bus line and railroad, every big utility, is backing the railroad commissioner, who, to use the words of Attorney General Sellers, can 'crack the whip' over their heads whether he wins of loses.

"Every advocate of a general sales tax, every opponent of a reasonable tax on oil, gas and sulphur, is backing Beauford Jester.

"Every leader of the Texas Regulars, who tried to steal our votes two years ago, is backing Jester. Every man that hated, or tried to smear Franklin Roosevelt, is backing Jester."

Allred said the "big uns" are trying to make "Homer Rainey pay with his reputation, his job and with his future, for championing your cause."

"Another tragic thing the 'big uns' have done, through their hate campaign, is to stir up the racial issue and falsely charge that Homer Rainey favors admission of negroes to white schools.

"The record shows that Homer Rainey testified under oath to the exact contrary before the senate investigating committee two years ago, and that, while he was president of the university, he recommended the establishment of a separate school for negroes."

Allred said that Austin pastors and religious leaders "have written the finest testimonials to the Christian character, to the decency and purity of Homer Rainey's personal and family life that has ever been penned.

Senkel Thanks Gin For Courtesies On First Bale Ginned

Walter Senkel of Jones Prairie, who produced the first bale of 1946 cotton, said Thursday he wanted to express his thanks to Robert Weems for the courtesies he had received at the gin.

Mr. Weems bought the bale at 40c per lb. and also the seed. Mr. Senkel was thankful for the favors shown him and has requested that his thanks be published so that the people may know of his appreciation.

Judge and Mrs. Jeff T. Kemp had as week end guests her relatives, Mrs. Mary Harkrider of Abilene, Mrs. Ella Dobins of Waco, and her son and wife Mr. and Mrs. Raleigh Hooks of Houston. They also visited another relative, Wm. R. Rogers, while here.

15 BALES NEW COTTON RECEIVED AT COMPRESS

Fifteen bales of new 1946 cotton had been received at the wharves of the Cameron Compress at noon Wednesday.

A survey by The Herald early Wednesday left little doubt about cotton crop prospects in this county. Not since 1925 has the crop been so short.

Weather conditions have been against cotton. In the spring and early summer rains continued to prevent seasonable plantings and the drouth, most severe since 1925 had so badly devastated the plant in the past 10 days it was likely the crop will be around ten thousand bales.

At the Triggs Cotton company, pioneer cotton merchants, an estimate of 12 thousand was made with the comment that this number of bales is a liberal estimate at this time.

The Triggs Company had just bought a bale of 35.50 basis middling and fifteen-sixteenths staple. Not since 1920 has cotton been such a good price. In 1920 the county produced in excess of 79,000 bales and the crop sold around 40c per pound.

MRS. J. E. LESTER WILL BE BURIED THURSDAY

Funeral services for Mrs. J. E. Lester, 77, pioneer Milam county resident and mother of Ray Lester in Cameron, were to be held at 10:30 a.m., Thursday, August 22 at Little River Baptist church near Jones Prairie with interment in the Little River cemetery.

Rev. John Edwin Mills, pastor of the Little River Baptist church was to conduct the services and the Marek-Burns Funeral Home was directing arrangements.

Funeral arrangements were made after word had been received from Mrs. S. M. Harrell, daughter of Mrs. Lester, who was on vacation in Colorado. Mrs. Lester died from a heart attack in the home of Mrs. Harrell at Jones Prairie shortly after noon Monday.

Mrs. Lester was born April 12, 1869, in Van Buren county, Tennessee and came to Texas with her parents, Mr. and Mrs. Isom Martin, when a small child. The family first settled in Johnson county and later came to Milam county where Mrs. Lester had been a resident for the past 60 years.

In 1884 she married the late J. E. Lester who was a native of Milam county, a veteran peace officer and farmer and stockman in the Jones Prairie community. Mr. Lester died in 1932. Mrs. Lester had been a member of the Presbyterian church at Maysfield for more than 50 years.

Surviving are the following children: Giles P. Lester, Chief Justice of the Tenth Court of Civil Appeals, Waco; Mrs. S. M. Harrell of Jones Prairie, Ray Lester of Cameron, W. H. Lester of Waco, J. K. Lester of Houston, and Merlin B. Lester of Jones Prairie. Three sisters survive as follows: Mrs. Keren Ratliff of Travis, Mrs. G. N. Dodson of Monahans, Mrs. G. W. Ries of Combs. Surviving also are 13 grandchildren and three great grandchildren.

Pallbearers were Lamar Newton, Carl Black, Tom Stidham, Archie MeLerran, Arthur Burnett, Dick Young, Jimmy Marek and E. B. Yager.

Two Boys are Held on House Robbery Charge

Two small Cameron boys, one 13 and the other 10 were picked up by officers here this week and have been given over to the custody of the District court on charges of entering and robbing the home of Dr. A. E. Kruse of approximately $150 while the family was away on a vacation trip.

Judge John Watson has taken the cases under advisement but had made no disposition of the matter up to noon Wednesday. One of the boys was committed to reform school some time ago but was paroled. The other boy is not under sentence.

Mr. and Mrs. Wayland Hughes and two children of A &M, and Mr. and Mrs. T. Whites and son, and Mr. and Mrs. C. M. Arnold of Austin were Sunday guests of Mrs. Annie Reese.

Larson Worley of Thorndale transacted busines sin Cameron this week.

Played Baseball With Rainey; Dixie Walker Says He's Great Guy

Dixie Walker of Gause was in Cameron Saturday, his dander up. He was plumb mad about all the lies and slanders the Jester backers and the Texas Regulars are telling on Dr. Homer P. Rainey.

You see, Dixie grew up with Dr. Rainey over in Houston county and played right field on the same ball club when Dr. Rainey was the best pitcher in that section of the state.

"Why, every time I hear those rascals get on the radio and talk about Homer Rainey the way they do, it makes me fighting mad," said Walker. "Homer Rainey is one of the finest men alive and he's been that way all his life. I know him. I was raised with him. I played ball with him. I worshipped him in high school. He was a clean, fine boy and we looked up to him. He's never been anything but a fine character. And to think of that dirty Jester crowd and those Texas Regulars, the money grabbers and the despoilers of our great natural wealth, calling Dr. Rainey a communist. It is enough to make any man want to fight," continued Walker.

"I never paid much attention to politics but from here on I am going to do everything I can to clean out that gang and to stop the dirty things that politicians do. Ain't it a shame? Just think of the millions of little guys all over Texas with poll taxes being kicked around by a bunch of rich ones who don't give a hoot if we starve. I'm going to send Jerry Sadler a telegram and tell him how glad I am that he said the things he did last night. I know Jerry too, was raised with him."

Dixie Walker was one of the brightest baseball prospects in the history of the Texas league. When he was ten he was an outfielder in school. Standing back and watching Homer Rainey pitch, he decided to be a mound star and he was. He hopes Homer Rainey strikes out Jester on August 24. After high school Rainey became a professional ball player but quit. He could have gone to the big leagues. Dixie went to the Texas league, pitching for Beaumont and Dallas. He had a million dollar arm. They took him in the International league and he was also given a tryout with the Chicago White Sox.

Dixie lives at Gause on his farm. "I got no use for men who make fun of religion. Homer Rainey has always been religious, so have most all the great men of our country."

Mr. and Mrs. J. A. Henderson of Ben Arnold were in Cameron Saturday.

Miss Grace Beacham will leave this week end for Tulia where she and her brother, R. H. Beacham, will open a photographic studio early in September.

Says Beauford Jester Was Member of Ku Klux

Hillsboro, Texas,
Aug. 19th, 1946

Mrs. Jas. E. Ferguson,
Austin, Texas

Mr Dear Mrs. Ferguson:—

Since I actively campaigned for your husband who bravely attacked the Ku Klux Klan, it grieves me to hear through the A.P. that you are supporting Beauford Jester for Governor of Texas. If you remember, I sat on the platform with you at Greenville, Texas and sang a song that I composed against Ross Sterling and Dan Moody and also sang over the radio at Lubbock.

You see Mrs. Ferguson, I was an active member of the Klan myself. I sang at many of the Klan meetings at different places over the state. I also sang for the Klan at Corsicana and it was there I met Beauford Jester who was a member of the Klan and made a talk.

I am writing you because I sincerely believe that when you know the facts that Beauford Jester was a Klansman that you will immediately withdraw your support.

It was under your administration that the law was passed which caused them to uncover their faces. You owe it to your self, you owe it to the state of Texas to let the people know that you are still against a Klansman being Governor of Texas.

Sincerely yours,
J. H. RIDLEHUBER,
Hillsboro, Tex., Rt. No. 3

The above letter was released by the Homer P. Rainey headquarters in Austin Thursday morning and publication was authorized.

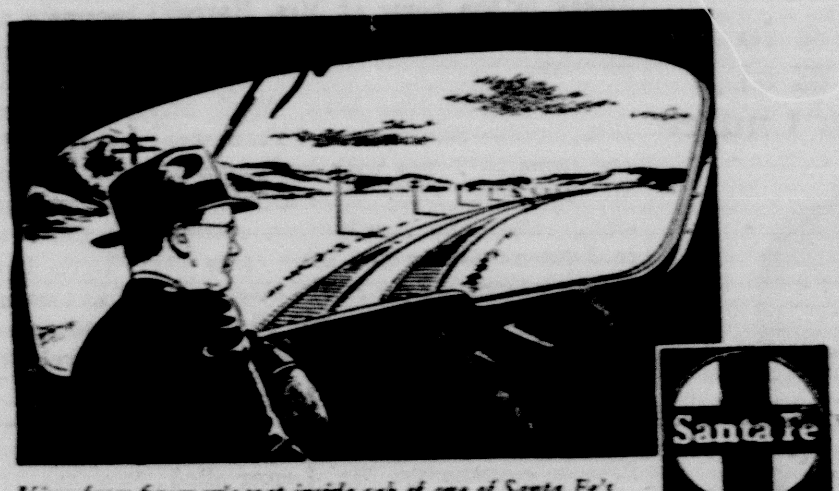
Management's-eye-view of the
Santa Fe



View from fireman's seat inside cab of one of Santa Fe's great fleet of Diesel locomotives. Engineer sits at right.

Many of the fine things you are enjoying and are about to enjoy on the Santa Fe are the direct result of riding the line rather than riding an office chair.
You can see more railroad from the cab of a locomotive than you can from a typewritten report. It all goes to prove that foresight is better than hindsight.
That's why you so often find the top executives of Santa Fe at the "head-end" of Santa Fe trains. They ride in front by desire and design to see what lies ahead.
The modern railroad executive, who has grown up with tracks and trains and who has spent a large part of his life in railroading, looks at a section of track not in terms of ties and rails but in terms of the possible improvements for better service to shippers and passengers.
Coupling long experience with mature vision, he translates new ideas into action with immediate decision which is both practical and timely.
This practical "Management's-eye-view" has led to the straightening of curves, improved roadbeds, new bridges and many other things which pay off in terms of better service for both passengers and shippers. It has led also to improvements of design and handling in the locomotives themselves.
During the next few months, Santa Fe will announce a number of new features improving its service and equipment. Watch for them.

HOUSE JOINT RESOLUTION

proposing an Amendment to Article III of the Constitution of the State of Texas by the addition of a new Section to be known as Section 49-b, creating a Veteran's Land Board and establishing a Veteran's Land Fund; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 49-b which shall read as follows:

"Section 49-b. There is hereby created a Board to be known as the Veteran's Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Legislature shall provide by law for the issuance by said Board of not to exceed Twenty-five Million Dollars ($25,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veteran's Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas in such form, denominations, and upon such terms as shall be prescribed by law, provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum.

"In the sale of any such bonds a preferential right of purchase shall be given to the administrators of the various teacher retirement funds, the Permanent Universtiy Funds, and the Permanent Free School Funds; such bonds to be issued only as needed, in the opinion of the Veteran's Land Board under legislative authorization.

"The Veteran's Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this State (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System, or any other governmental agency of the State of Texas; or (c) owned by any person, firm or corporation.

"All lands thus purchased shall be acquired at the lowest price obtainable, be paid for in cash, and shall be a part of the Veteran's Land Fund.

"The lands of the Veteran's Land Fund shall be sold by the State of Texas to Texas Veterans of the present war or wars, commonly known as World War II, in such quantities, and on such terms, and at such prices and such rates of interest, and under such rules and regulations as may be prescribed by law; provided, however, that any such lands remaining unsold at the expiration of eight (8) years after the effective date of this Amendment may be sold to anyone as shall be prescribed by law.

"All moneys received and which have been received and which have not been used for repurchase of land as provided herein by the Vetran's Land Board from the sale of lands and for interest on deferred payments shall be credited to the Veteran's Land Fund for use in purchasing additional lands to be sold to Texas Veterans of World War II, in like manner as shall be provided for the sale of lands purchased with the proceeds from the sales of the bonds, provided for herein, for a period of eight (8) years from the effective date of this Amendment; provided, however, that so much of such moneys as may be necessary to pay interest on the bonds herein provided for shall be set aside for that purpose. After eight (8) years from the effective date of this Amendment, all moneys received by the Veteran's Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and to pay interest thereon, and any of such moneys not so needed shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law."

Sec. 1. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Thursday in November, 1946, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such result and the Governor's proclamation proclamation thereof.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

Sec. 4. The sum of Ten Thousand Dollars ($10,000.00) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

LETTER FROM MIRIAM A. FERGUSON

TO

BEAUFORD H. JESTER

Austin, Texas
August 15, 1946

Hon. Beauford H. Jester
Austin, Texas

Dear Mr. Jester:

In the first primary Election, I supported my friend of many years, Attorney General Grover Sellers. It was my intention to make no public statement in the present campaign. However, things have now come to my attention which convince me that, in behalf of fairplay, I should speak.

Voters of Texas will remember that my husband, James E. Ferguson, and I led the fight against the Ku Klux Klan in 1924. I was elected Governor on an anti-Klan ticket, and at that time the Klan issue was buried. The wounds of battles between father and son, brother against brother, and friend against friend, have long since healed. I have seen statements and literature which convince me that some people would re-open those wounds.

In the spirit of a true Texan, I believe in honesty and fair play. I was informed by those of your County who helped in that fight in 1942 you were active in the fight against the Klan. I know that you gave support to this fight while you were a young lawyer, and then a recently returned combat veteran of World War I.

I have never been intimately acquainted with you. But I am familiar with your record as a soldier, as a lawyer, as a Regent of the University of Texas, as Railroad Commissioner, as well as your stand on the Klan question.

Because I believe that the interest of Texas can be best served by your election, I now pledge to you my support.

Sincerely,

Miriam A. Ferguson

Sink and Dishwashing Center

An Electric Sink forms the sink and dishwashing center of the modern electric kitchen. It takes the unpleasant tasks of dishwashing and garbage disposal right out of your hands. No smelly garbage pails—inside or out. No more slopping around in soapy, greasy dishwater. Bring dishes directly from table to sink, and quickly thrust all "dirty work" inside.

Soon, you can push all the messy jobs into your new electric sink—and relax.

Simple scrape the dirty dishes over the sink, and—whoosh—the garbage disposal unit beneath, grinds and washes away the scraps and waste food.

Stack the dishes easily into your automatic dishwasher, add the soap powder, press the button...and the dishes are washed, rinsed and dried with no further attention.

You'll want an Electric Sink in that new dream-home—or add it like a miracle in your present kitchen.

Ask your Electrical Appliance Dealer for information—today.

Allan Shivers Runs For Lt. Governor On Qualifications

Senator Allan Shivers, leading candidate for lieutenant governor, is seeking election to that office solely on the basis of his qualifications of wide training and experience.

In every way, Allen Shivers, the legislator, lawyer, farmer and World War II combat veteran, is exceptionally qualified for the No. 2 state office. As a state senator for a number of years, he established an excellent record of public service. A loyal Democrat and native Texas, he is a man of highest character and splendid personality. The majority of Texans believe he will reflect credit and honor on the State of Texas.

Shivers, a war veteran of two years overseas, during which time he earned 5 battle stars, did his best to make this a free country for a free people. He will continue that course as lieutenant governor.

He has conducted a dignified campaign free of mud-slinging and personalities. His platform appeals to every Texan: Better farm-to-market roads, better salaries for school teachers ,enlarged public safety facilities, a thorough public health program, redistricting of the state for legislative purposes, greater aid to the aged, real assistance to war veterans, reorganization of the pardon and parole system, a first class university for the colored, and equal responsibility from both labor and management. He is against a sales, state income or any other form of new taxes.

Allan Shivers will be the lieutenant governor of all the people. In addition to integrity, sincerity and ability, he has a background of training and a record of public service already performed which gives him the right to ask for promotion. (Pol. adv.)

It's the *newest*

U.S. ROYAL!

You get all the features that have long made the name "U.S. Royal" famous—*plus* the advantage of special rayon cord construction* to make your driving extra safe, trouble-free and luxurious.

Nine years ago when "U.S." first marketed a rayon cord tire it was proven that although rayon-built tires are *lighter*, they are also *stronger* and *safer*.

That's because this super-strength rayon "U.S." uses, runs many degrees *cooler*...cuts down destructive *inner heat* . . . adds thousands of miles to tire life . . . and gives you far greater protection against blow-outs.

And of course in this newest U.S. Royal you get many other safety features, too—the famous Royal *block tread* for smooth riding—perfect balance for easy steering and parking. The fact is that U.S. Royals are every bit as modern as the fine cars on which they are standard equipment—every bit as fine as the quality name they've built up over the last thirty years—every bit as good value for your money as U.S. Royals have always been.

See these great new tires today at your U. S. Tire Dealer's—find out how soon you can be riding on rayon-built U. S. Royals!

*Present Government regulations restrict all rayon construction to sizes 6:50 and larger

HOUSE JOINT RESOLUTION

proposing an Amendment to Article 16 of the Constitution of the State of Texas, by adding thereto Section 62 providing a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; limiting the amount contributed by the State to such Fund; providing for investment of Fund with certain exceptions; prohibiting recipients of benefits hereunder from receiving other direct aid from the State; authorizing counties to provide and administer such a Fund for appointive county officers and employees after favorable vote in a county election for such purpose; limiting the amount contributed by the county to such Fund; providing for investment of Fund with certain exceptions; prohibiting recipients of benefits from said Fund from receiving other direct aid from the State; and providing for an election, necessary form of ballot, and publication on the question of adoption of this Amendment.

BE IT RESOLVED BY THE STATE OF TEXAS:

Section 1. That Article 16 of the Constitution of the State of Texas be amended by adding thereto Section 62, which shall read as follows:

"Sec. 62 (a). The Legislature shall have the right to levy taxes to provide a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; provided that the amount contributed by the State to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the State, and shall in no one year exceed the sum of One Hundred and Eighty Dollars ($180) for any such person.

"All funds provided from the compensation of such person, or by the State of Texas, for such Retirement, Disability and Death Compensation Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this State, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and provided that the recipients of benefits from said Fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless the Fund, the creation of which is provided for herein, contributed by the State, is released to the State of Texas as a condition to receiving such other pension aid.

"(b). Each county shall have the right to provide for and administer a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the county; provided same is authorized by a majority vote of the qualified voters of such county and after such election has been advertised by being published in at least one newspaper of general circulation in said county once each week for four consecutive weeks; provided that the amount contributed by the county to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the county, and shall in no one year exceed the sum of One Hundred and Eighty Dollars ($180) for any such person.

"All funds provided from the compensation of each such person, or by the county, for such Retirement, Disability and Death Compensation Fund, as are received by the county, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this State, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and provided that the recipients of benefits from said Fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless the Fund, the creation of which is provided for herein, contributed by the county, is released to the State of Texas as a condition to receiving such other pension aid."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at an election to be held throughout the State in November, 1946, (being the 5th day thereof*) at which all ballots shall have printed thereon:

'FOR the Constitutional Amendment authorizing the Legislature to provide a Retirement, Disability and Death Compensation System for the officers and employees of the State of Texas and authorizing counties to provide such system for the appointive officers and employees of the counties of the State of Texas," and

'AGAINST the Constitutional Amendment authorizing the Legislature to provide a Retirement, Disability and Death Compensation System for the officers and employees of the State of Texas and authorizing counties to provide such system for the appointive officers and employees of the counties of the State of Texas."

Each voter shall scratch one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment.

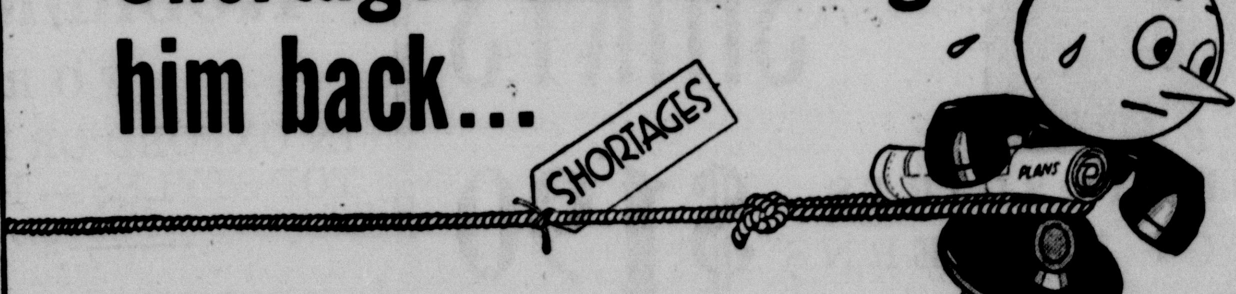
Shortages are holding him back...



We in the Bell System were adding telephones at the rate of three million a year until shortages started getting worse. Now it's harder and harder for us to get materials for manufacturing and building.

We aren't complaining for we are in the same boat as everyone else. But we thought you might like to know the supply situation on some of the biggest items in the telephone business.

LEAD—There is a world shortage of it. Even when conditions here straighten out, it will be some time before adequate supplies are available.

COPPER—It is in great demand but we shall probably have adequate supplies when the smelting, refining, and fabricating plants get going.

TEXTILES—A serious shortage exists in cotton and synthetic yarns and fabrics.

STEEL—Strikes in steel and coal industries have affected the supply in the face of unprecedented demand.

RUBBER—Synthetics are in fair supply, but natural rubber is on government allocation.

LUMBER—It is scarce, due to both unusual demand and dislocation of the lumber trade.

BRASS MILL PRODUCTS—These are used in telephone central office switches and other equipment. Supply will be short until disturbed conditions in the copper industry are settled, permitting brass mills to get back to full-scale production.

It's a tough situation, but we aren't giving up, any more than you have given up trying to get butter or sugar or shirts.

We're doing the best we can with what we've got and hoping these disturbed conditions will end, so that we can really go full speed ahead.
